

## 9/11 Truth

So all these people are conspiracy nuts? Rep. Curt Weldon –Vice Chairman of the House Homeland Security Committee, Vice Chairman of the House Armed Services Committee. Ten-term Republican Congressman from Pennsylvania. Regarding the 9/11 Commission "There's something very sinister going on here that really troubles me," Senator Max Cleland – Former member of the 9/11 Commission, resigned in December 2003.

Currently serves on the board of directors of the Export-Import Bank of the United States. U.S. Senator from Georgia 1996-2002. Secretary of State of Georgia 1982-1996. Administrator of the U.S. Veterans Administration 1977-1981. Captain, U.S. Army awarded Silver Star and Bronze Star for bravery in Viet Nam. Triple amputee from war injuries. "One of these days we will have to get the full story because the 9-11 issue is so important to America. But this White House wants to cover it up." Louis Freeh – Director of the FBI, 1993-2001. Former U.S. District Court Judge for the Southern District of New York, appointed by President George H.W. Bush. Former Deputy United States Attorney in New York. Former officer in the United States Army JAG Corps Reserve. "Even the most junior investigator would immediately know that the name and photo ID of Atta in 2000 is precisely the kind of tactical intelligence the FBI has many times employed to prevent attacks and arrest terrorists. Yet the 9/11 Commission inexplicably concluded that it "was not historically significant." This astounding conclusion--in combination with the failure to investigate Able Danger and incorporate it into its findings--raises serious challenges to the commission's credibility and, if the facts prove out, might just render the commission historically insignificant itself. ... No wonder the 9/11 families were outraged by these revelations and called for a "new" commission to investigate." Morgan Reynolds, PhD – Chief Economist, U.S. Department of Labor under George W. Bush 2001-2002. Former Director of the Criminal Justice Center at the National Center for Policy Analysis. Professor Emeritus, Economics, Texas A&M University. "It is hard to exaggerate the importance of a scientific debate over the cause(s) of the collapse of the twin towers and building 7. If the official wisdom on the collapses is wrong, as I believe it is, then policy based on such erroneous engineering analysis is not likely [to] prove to be sound." Paul Craig Roberts, PhD - Assistant Secretary of the U.S. Treasury under

Ronald Reagan, “Father of Reaganomics”, Former Associate Editor of the Wall Street Journal. Currently Research Fellow at the Hoover Institution, Stanford University. “We know that it is strictly impossible for any building, much less steel columned buildings, to “pancake” at free fall speed. Therefore, it is a non-controversial fact that the official explanation of the collapse of the WTC buildings is false.” Catherine Austin Fitts - Assistant Secretary of Housing under George H.W. Bush. Former Managing Director and Member of the Board of Directors of the Wall Street investment bank, Dillon, Read & Co. Regarding 9/11 “The official story could not possibly have happened. ... It’s not possible. It’s not operationally feasible. ... The Commission was a whitewash.” Edward L. Peck - Deputy Director of the White House Task Force on Terrorism under Ronald Reagan. Deputy Coordinator, Covert Intelligence Programs at the State Department. U.S. Ambassador and Chief of Mission to Iraq (1977-80). 32-year veteran of the U.S. Foreign Service. • “We want truthful answers to question. ... As Americans of conscience, we ask for four things: o An immediate investigation by New York Attorney General Eliot Spitzer o Immediate investigation in Congressional Hearings. o Media attention to scrutinize and investigate the evidence. o The formation of a truly independent citizens-based inquiry.” Morton Goulder - Deputy Assistant Secretary of Defense for Intelligence and Warning 1973-77 (Nixon, Ford, and Carter) Founder of Sanders Associates. • Petition requesting an immediate reinvestigation of 9/11 “We want truthful answers to question. ... As Americans of conscience, we ask for four things: o An immediate investigation by New York Attorney General Eliot Spitzer o Immediate investigation in Congressional Hearings. o Media attention to scrutinize and investigate the evidence. o The formation of a truly independent citizens-based inquiry.” Philip J. Berg, Esquire - Former Deputy Attorney General, Pennsylvania. “The official story of what actually took place on 9-11 is a lie.” William Christison - Former National Intelligence Officer and Director of the CIA's Office of Regional and Political Analysis. 29-year CIA veteran. “I now think there is persuasive evidence that the events of September did not unfold as the Bush administration and the 9/11 Commission would have us believe. ... An airliner almost certainly did not hit The Pentagon. ... The North and South Towers of the World Trade Center almost certainly did not collapse and fall to earth because hijacked aircraft hit them.” **Major General Albert Stubblebine, U.S. Army (ret) - Commanding**

**General of the U.S. Army Intelligence and Security Command (INSCOM). Former head of Imagery Interpretation for Scientific and Technical Intelligence. ““One of my experiences in the Army was being in charge of the Army’s Imagery Interpretation for Scientific and Technical Intelligence during the Cold War. I measured pieces of Soviet equipment from photographs. It was my job. I look at the hole in the Pentagon and I look at the size of an airplane that was supposed to have hit the Pentagon. And I said, ‘The plane does not fit in that hole’. So what did hit the Pentagon? What hit it? Where is it? What's going on?”** Col. Ronald D. Ray, U.S. Marine Corps (ret) - Deputy Assistant Secretary of Defense during the Reagan Administration and a highly decorated Vietnam veteran (two Silver Stars, a Bronze Star and a Purple Heart). Appointed by President George H.W. Bush to serve on the American Battle Monuments Commission (1990-1994), and on the 1992 Presidential Commission on the Assignment of Women in the Armed Forces. From 1990 through 1994, he served as Military Historian and Deputy Director of Field Operations for the U.S. Marine Corps Historical Center, Washington, D.C. “The former Deputy Assistant Secretary of Defense under the Reagan Administration and a highly decorated Vietnam veteran and Colonel has gone on the record to voice his doubts about the official story of 9/11 - calling it ‘the dog that doesn't hunt.’ ‘I'm astounded that the conspiracy theory advanced by the administration could in fact be true and the evidence does not seem to suggest that's accurate,’ he said.” Raymond L. McGovern - Former Chairman, National Intelligence Estimates, CIA, responsible for preparing the President’ Daily Brief (PDB) for Ronald Reagan and George H.W. Bush. 27-year CIA veteran. “I think at simplest terms, there’s a cover-up. The 9/11 report is a joke. The question is: What’s being covered up? Is it gross malfeasance, gross negligence, misfeasance? ... Now there are a whole bunch of unanswered questions. And the reason they’re unanswered is because this administration will not answer the questions. ... I just want to reassert, what Scott [Ritter, former Major in the U.S. Marines Corps, former Chief Weapons Inspector for the United Nations Special Commission in Iraq] said and this is the bottom line for me, just as Hitler in 1933 cynically exploited the burning of the parliament building, the Reichstag, this is exactly what our President did in exploiting 9/11. The cynical way in which he played on our trauma, used it to justify attacking, making a war of aggression on a country that he knew

had nothing to do with 9/11. That suffices for me, I think Scott is exactly right, that's certainly an impeachable offense." **Col. Robert Bowman, PhD, U.S. Air Force (ret) - Director of Advanced Space Programs Development "Star Wars Program" under Presidents Ford and Carter. U.S. Air Force fighter pilot with over 100 combat missions. (PhD in Aeronautics and Nuclear Engineering, Cal Tech).** "A lot of these pieces of information, taken together, prove that the official story, the official conspiracy theory of 9/11 is a bunch of hogwash. It's impossible. ... There's a second group of facts having to do with the cover up. ... Taken together these things prove that high levels of our government don't want us to know what happened and who's responsible. ... Who gained from 9/11? Who covered up crucial information about 9/11? And who put out the patently false stories about 9/11 in the first place? When you take those three things together, I think the case is pretty clear that it's highly placed individuals in the administration with all roads passing through Dick Cheney. Col. George Nelson, U.S. Air Force (ret) – Former U.S. Air Force aircraft crash investigator and airplane parts authority. 34 year Air Force career. "The government alleges that four wide-body airliners crashed on the morning of September 11 2001, resulting in the deaths of more than 3,000 human beings, yet not one piece of hard aircraft evidence has been produced in an attempt to positively identify any of the four aircraft. On the contrary, it seems only that all potential evidence was deliberately kept hidden from public view. ... Capt. Russ Wittenberg, U.S. Air Force (ret) – Air Force fighter pilot with over 100 combat missions. Flew commercial jets for Pan Am and United for 35 years, flying 727, 737, 747, 757 and 767's. Had previously flown the actual two United Airlines airplanes hijacked on 9/11 (Flight 93, which impacted in Pennsylvania, and Flight 175, the second plane to hit the WTC). "The government story they handed us about 9/11 is total B.S. plain and simple." ... Wittenberg convincingly argued there was absolutely no possibility that Flight 77 could have "descended 7,000 feet in two minutes, all the while performing a steep 270 degree banked turn before crashing into the Pentagon's first floor wall without touching the lawn." ... Melvin Goodman - Division Chief and Senior Analyst at the Office of Soviet Affairs, CIA, 1966 to 1990. Senior Analyst at the Bureau of Intelligence and Research, State Department, 1974 to 1976. "I want to talk about the [9/11] Commission itself, about the flawed process of the

Commission and finally about the conflict of interest within the Commission that is extremely important to understand the failure of the Commission.” Major Douglas Rokke, PhD, U.S. Army (ret) – Director U.S. Army Depleted Uranium Project.

Regarding the impact at the Pentagon on 9/11/2001 "When you look at the whole thing, especially the crash site void of airplane parts, the size of the hole left in the building and the fact the projectile's impact penetrated numerous concrete walls, it looks like the work of a missile. And when you look at the damage, it was obviously a missile.” Major Scott Ritter, U.S. Marine Corps (ret) - Marine Corps Intelligence Officer and Chief Weapons Inspector for the United Nations Special Commission in Iraq 1991-1998. “I, like the others, are frustrated by the 9/11 Commission Report, by the lack of transparency on the part of the United States government, both in terms of the executive branch and the legislative branch when it comes to putting out on the table all facts known to the 9/11 case.” Fred Burks - State Department Interpreter for Presidents George W. Bush and Bill Clinton, Vice Presidents Dick Cheney and Al Gore, Secretaries of State Colin Powell and Madeleine Albright. 18-year State Department career. An even bigger question is why isn't our media asking these questions? Why isn't our military spending many millions of dollars to find out why military defense systems failed on 9/11? Why is it that the 9/11 commission budget was far less than the budget allotted to the Challenger Disaster or even the Monika Lewinsky affair?” Barbara Honegger - Senior Military Affairs Journalist at the Naval Postgraduate School, the Navy's advanced science, technology and national security affairs university (1995 - present). White House Policy Analyst and Special Assistant to the Assistant to President Ronald Reagan (1981-83). "The US military, not al Qaeda, had the sustained access weeks before 9/11 to also plant controlled demolition charges throughout the superstructures of WTC 1 and WTC2, and in WTC7, which brought down all three buildings on 9/11. ... A US military plane, not one piloted by al Qaeda, performed the highly skilled, high-speed 270-degree dive towards the Pentagon that Air Traffic Controllers on 9/11 were sure was a military plane as they watched it on their screens. Only a military aircraft, not a civilian plane flown by al Qaeda, would have given off the "Friendly" signal needed to disable the Pentagon's anti-aircraft missile batteries as it approached the building. Only the US military, not al Qaeda, had the ability to break all of its Standard Operating Procedures to paralyze its

own emergency response system.” Sibel Edmonds – Former Language Translation Specialist, FBI. Witness before the 9/11 Commission. “I find your report seriously flawed in its failure to address serious intelligence issues that I am aware of, which have been confirmed, and which as a witness to the commission, I made you aware of. Thus, I must assume that other serious issues that I am not aware of were in the same manner omitted from your report. These omissions cast doubt on the validity of your report and therefore on its conclusions and recommendations.” Bogdan Dzakovic - 14-year Counter-terrorism expert in the Security Division of the Federal Aviation Administration. Team Leader of the FAA's Red Team, which conducted undercover tests on airport security through simulated terrorist attacks. Former Team Leader in the Federal Air Marshal program. Former Coast Guard officer. Witness before the 9/11 Commission. Regarding the 9/11 Commission “The best I could say about it is they really botched the job by not really going into the real failures. ... At worst, I think the 9/11 Commission Report is treasonous. And if you look at what the word “treason” means in the Webster’s Dictionary, it’s a betrayal of a trust.” Paul Hellyer – Former Minister of National Defense of Canada. Former Deputy Prime Minister. Former Member of House of Commons. Regarding 9/11 “I think the inquiry has been very shallow, very superficial. I would like to see a much tougher, more in-depth inquiry. ... I would like to see someone in a position of authority ask those questions and insist on getting answers, at least to why some of the things that happened that seem to be, for an ordinary person, inexplicable. ... We have to try and get the truth. ... I hope that somebody has the courage and persistence to keep at it until we get it.” Andreas von Buelow, PhD – Former National Minister of Defense of West Germany. Former Minister of Technology. Former Member of Bundestag (Parliament). “The planning of the attacks was technically and organizationally a master achievement. To hijack four huge airplanes within a few minutes and within one hour, to drive them into their targets, with complicated flight maneuvers! This is unthinkable, without years-long support from secret apparatuses of the state and industry.” Michael Meacher – Former Under Secretary for Industry, Under Secretary for Health and Social Security, Minister for the Environment, and Member of the House of Commons (Parliament) (UK). The official investigative report says the US has never been able to find the sources of financing for 9/11. And then they say this “That

after all is a matter of no great importance.” I find that astonishing. It is a matter of absolutely central importance. So there was a very great deal of evidence. And it seems to me extraordinary that the United States with its stupendous military capabilities and the most technologically advanced country in the world completely and totally failed to follow up on these leads.” General Leonid Ivashov - Former Chief of Staff of the Russian armed forces on 9/11/2001, and Department Chief for General affairs in the Soviet Union's Ministry of Defense. Regarding 9/11 "Bin Laden does not have the capabilities for an operation of this magnitude. When I hear Bush talking about al-Qaida as if it was Nazi Germany or the communist party of the Soviet Union, I laugh because I know what is there. Bin Laden has been under surveillance for years: every telephone call was monitored and al-Qaida has been penetrated by American intelligence, Pakistani intelligence, Saudi intelligence, Egyptian intelligence. They could not have kept secret an operation that required such a degree of organization and sophistication." David Shayler - Counter-Terrorism Officer, MI5 (Britain) “The available evidence indicates that people in key positions in the FBI, the State Department, the CIA and so on were not loyal to the Constitution; that they saw an opportunity in plans laid down by genuine Islamic terrorists to carry out an operation that would shock the world and would therefore justify U.S. adventurism in the middle East, particularly in Afghanistan and Iraq.”
