

, The Chariot of Ascension

"The Merkabah Field is a permanent and highly ordered Merkabic structure of interconnected electro-magnetic counter-rotating energy spirals that exist as an integral part of ALL CREATION."

We are on the shore looking out on a vast ocean of possibilities....The truth is waiting for all of us to rediscover and activate our higher latent abilities. We have only to reconnect with the universal source of all creation and expand our vision to include the higher realms.

We may activate our Merkabah Light Body through a process of Transfiguration. We have within our Genetic Code, DNA, the inherent ability to transmute and ascend to a Light Body configuration. This process is available to all willing souls who understand the age we are living and the Gift that WE are able to experience through our free will acceptance. It is Time to seek a greater awareness and to edificate ourselves within a new paradigm of understanding.

Light Body Activation may be accomplished through a commitment to the song of Compassion. When we hold the musical, emotional note of compassion, and sing it continually, we will literally transmute our DNA genetic code and ascend to a light body vibrational reconfiguration. Our DNA will activate all twelve strands and we may then enjoy our true latent abilities bestowed on all Hu-Man-Beings.

We have been unable to grasp the true gifts that the One Infinite Creator has bestowed upon us as Angels, Angels in the process of remembering. We have been Blessed with a Multidimensional, Transdimensional Light Body, that when fully activated can move

effortlessly through the multidimensional Universe of which we are all a part. Our Role as Sons and Daughters, of The Most High, is our full inheritance spoken of by the Prophets. Our first born has shown us "The Way"we are to follow in His footsteps and assume our rightful place at the right hand of the One Infinite Creator and fulfilling our true mission(s).

Now is the Time spelled out within the sacred texts, to Awaken from our slumber and Rise Up! We are to work diligently remembering our promise(s) and our commitment to our common cause. To be, and act, and represent the love of God, Our First Born Leader and our common heritage as Brothers and Sisters of the Most High.

Our connection to Infinity is activated.....

Peace-Brothers and Sisters.....Awaken and go forth to Love and Serve the Lord.....
